Dual WhatsApp Account: WhatsApp users can use YOWhatsApp APK with other WhatsApp mod apps or the official WhatsApp with two accounts. Message Scheduler: In case you forget to send messages to your contacts on time you can use this feature to send messages at a scheduled time. in YOWhatsApp APK. Customization: You can change your fonts, text color, and many more things. You can totally give a new look to your YOWhatsApp app. Copy status: If you like a status that is written and you want to save it then you will have to take a screenshot or write the whole status by yourself. But that is not the case with YOWhatsApp. You only need to tap the status and it will be copied. Hide View Status: You can see your contact's status without noticing them. So if you are not interested in responding to the status of a person, you can use this feature of YOWhatsApp, and the other person will never know that you have viewed the status. Anti-Delete Messages: If someone sends you a message and deleted that message without your consent then don't worry. By using this feature that message will not be deleted for you and you can still read that message on your android phone. Increase the Forward limit: In the latest version of YOWhatsApp, you can send a forwarded message to more than 5 contacts. Now, you do not have to select the message and send it to your contacts again and again. Simply choose all the contacts to whom you want to send your message. Dark mode: If you normally use WhatsApp at night then it can cause severe eyesight problems because the light of the app may cause it. That's why YO WhatsApp comes up with the dark mode feature. This will help you to use this modified version even at night without affecting your eyesight. Disable Forward Tag: You must have noticed that if you use original WhatsApp, you will see a forwarded icon when you send or receive a forwarded message. This situation can sometimes put you in an awkward situation. In Yo WhatsApp, the forwarded tag has been removed and you will not see it when forwarding a message. Send Large Media: In the official version, you can only send videos of less than MB. That's why there are some cases when you can not send the required video because of the large size. But in the latest version of Yo WhatsApp, you can send videos of large sizes as well as fewer sizes. Enable disable message counter: In YOWhatsApp APK's latest version, you can enable disable message counter as per your choice. You will be provided with both functions.
